

2017 INSTRUCTIONS FOR THE PREPARATION OF E-POSTER PRESENTATIONS

All e-poster abstracts will be listed in the final program as submitted. We cannot make edits or additions to the abstract text.

The CSRS Program Committee has elected to have a select number of abstracts presented as e-posters.

Electronic posters or e-posters are similar to traditional paper posters, but displayed on-site at the meeting on a large LCD monitor. The e-posters will be available for electronic viewing during the meeting hours at the e-poster stations. These will be located outside the Regency Ballroom at The Diplomat Resort Hotel, Hollywood, FL.

The e-posters will be posted on the CSRS website, **if permission to post online is provided by the author**. The e-posters will also be available in an online archive for one year following the meeting,

E-posters do not require printing or production of materials.

Preparation:

Prepare your e-poster as a power point presentation:

1. E-posters are limited to a maximum of 10 slides.
2. Slide 1 should include the title, authors and disclosure information.
3. Slide 2-10 is an illustrated summary of your abstract much like a real poster, including text, graphs and figures.
4. As with all power point presentations, avoid displaying too much information.
5. Convert your power point presentation to a protected PDF file.

*Email your e-poster (**required**) no later than 11/01/2017 to csrs@aaos.org. Late submissions will not be accepted.*

Confirmation & Registration:

Although you will not need to present your electronic poster in person on-site, we do **require an e-poster author to**, [register on-line](#) in order to participate in the multiple discussion sessions during the program.

For more information, please contact the CSRS administrative office at csrs@aaos.org, (847)698-1628 or visit csrs@csrs.org for e-poster, meeting and hotel registration information.
